VISCOUNT HORN RETURNS FROM THE CRIMEA

The dashing young degenerate Viscount Horn has returned from the Crimea where, in true Flashman tradition, he spent the entire duration of his posting feigning a back injury – any excuse to get his clutches on that nymphomaniac nurse, Florence Nightingale. Yes, the Crimea campaign has taken its toll on the poor lad, a chronic dose of Serbo-Croat gonorrhaea, a bad case of Turkish ringworm, and bedsores on the knees from too much rumping. Now he's returned to his ancestral home, sorely fatigued, to find that his maidservants have laid on a little reception party:

Well, it's certainly most pleasant to be off the field of battle. But tell me, Ethel – when did Maisie stop wearing a bra?

EDITORIAL

Recently a government Committee suggested that pornography did no harm whatsoever and that it should be available for those who wanted it. Whitehouse magazine has always been the most explicit magazine on the market, and have now brought out an even stronger magazine – it contains 100 pages, all colour pages, no adverts, no stories – simply very explicit all action, group photos. Nothing like this has ever before been sold in Britain. Comparable Swedish magazines sell for £5/£10. The Whitehouse ALL COLOUR Digest, as it's called, and sells for £1.50 (Mail order send £1.75 for a sample copy to: Mail Order Division, 34 Upton Lane, London E.7. Subscriptions £10).

Few things are now unavailable to sex fans nowadays. Films, for example, are getting stronger all the time, and it's amazing what can be seen even in an ordinary X-rated sex film. Our film critic David Read has compiled a list of what he considers to be the most explicit films currently on open release. These are:
EMMANUELE 3, the controversial sequal to 'Emanuelle Meets the Wife Swappers. Showing at the Eros Cinema, Piccadilly Circus, W.1 from March 20th, and in many cities throughout the U.K. See special announcement on this page for the cinema nearest to you. One of the most sexually explicit films of all time.
QUEEN OF THE BLUES/MASSAGE GIRLS IN BANGKOK – a truly great double bill, the former being Mary Millington's last sex role before her untimely death. Showing NOW all over the U.K.
COME PLAY WITH ME/EMANUELLE MEETS THE WIFE SWAPPERS – the longest running sex film EVER, which indicates just how blue it is! Don't miss this 'dynamic duo'. Showing at the Moulin Cinema, Gt. Windmill St., Soho NOW!
THE PLAYBIRDS/VIOLATION OF THE BITCH – another fabulously erotic Mary Millington double bill – a little on the kinky side – also showing at the Moulin Cinema, Gt. Windmill St., Soho – and most definitely NOT to be missed!
THE DAVID GALAXY AFFAIR/CONFESSIONS OF A SEX SLAVE – returned to the Moulin Cinema, Gt. Windmill St. Soho after a triumphant release throughout the U.K. and, of course still touring many towns and cities even now. We urge you not to miss these two blockbusters.

But nobody could claim that X-films are totally pornographic. In order to see hard-core, you have to be a club member of any of the following, but it's easy to join – and the spunky Scandinavian sex action you'll see makes it WELL worthwhile. Especially at:
EXCITING CINEMA CLUB 18 Greek St., Soho, London W.1. Probably the best in Town, with membership at just £1, admission £3.50.
CONTINENTAL BLUE FILM & VIDEO CLUB 32 Old Compton St., Soho, London W.1. Prices for a blue film from just 50p!
SWEDISH PARADISE, 24 Brewer St., Soho, London W.1. – shows only the highest quality Scandinavian porno – and by far the most luxurious club in Soho. Admission/membership terms same as the EXCITING.

My, what splendid bristols! Careful with that hand, Maisie – a sniper's bullet went through that very spot at Inkerman.

See the mouthwatering bodies of Viscount Horn's maidservants (pictured here) revealed even more explicitly in the controversial new (and blue!) sex movie 'EMMANUELE 3' – far, far stronger stuff than its predecessors! Sex scenes featuring the girls here include a 2 guys/1 girl group-grope and a really uninhibited Lesbian suck sequence. You'll be amazed at what you see nowadays in an ordinary X-rated sex film. See 'EMMANUELE 3' NOW, at the Eros Cinema, Piccadilly Circus, London W.1.

THE BLUE MOVIE PRODUCER

PLAYBIRDS Continental INTERVIEW

This month we interview Lars Ellin from Copenhagen. Lars is one of the best known blue film producers in Scandinavia. He turned up for the interview with his pretty wife, Helga, who, until they were married, starred in many of his films.

PC: Lars, one thing has always puzzled me. Although you turn out some of the best blue films in the world, your name never appears in the credits.

L: True. I just produce them. I get the script, arrange for the stars, hire the director, and put up the money. I like to take a back seat. But I have full artistic control over every film which comes out under my company's name.

PC: I see. May I say that before this interview I ran several of your films, and I must admit they were very high class.

L: Thank you. I am proud of my films. Only the most beautiful women appear in them, only the best directors and cameramen are hired to shoot them. I don't produce rubbish.

H: What my husband says is true. He works very hard over each and every film he makes.

PC: Helga, you've been married to Lars for three years now. You used to star in some of his films. Did you enjoy the work?

H: Yes, very much. Lars only uses people who enjoy sex. He doesn't believe in faking a thing. Everything you see on the screen really happens. Some film makers use paste or something like that to fake sperm going onto a woman's face. Lars doesn't. He believes in the real thing. Value for money is his motto.

PC: Lars, where do you get the girls who appear in your films?

L: Well, you must understand that in Denmark, where I come from, we are much more liberated than the U.K. There is nothing wrong in being a porn star there. I have no trouble getting women to star in my films. In fact hundreds of them write to me every week trying to get a part.

PC: How do you pick the girls?

H: Pick the girls for the films? That's easy. We chose them together, Lars and me. We test them out. We make love with them. After all, they will be starring in a porn movie, so that's the only way to see if they will be any good.

PC: You test them together?

L: Sometimes. My wife is bisexual. She tries out the men and the women to see if they are suitable. I confine myself to trying out some of the women, of course.

PC: Helga, tell us about how you test them.

H: As a matter of fact I was seeing people for a new film only a few days ago. Lars was going to make a lesbian film. He was tied up shooting somewhere else, so it was left to me to audition the women for the part.

PC: Could you tell us, in detail, how you tested them?

H: You want all the details?

PC: Yes, our readers would be most interested to see what sort of standard you set for these women.

H: Okay, I don't mind. In fact it turns me on talking about such things. I saw a girl called Ellen in my flat. She hadn't made any films before, but she had done a little modelling. She was tall, with long blonde hair and a very pretty face. I got her to undress and then I looked at her naked body. That is the first test, they must have a very lovely body.

L: Yes, body is everything. I don't use, how do you say over here, scrubbers? Yes, I don't use scrubbers in my films. I use good women, large titted women.

H: Well, Ellen had a lovely body. Her skin was white and smooth and looked very photogenic. I adored her breasts, they were firm and heavy but didn't sag in the slightest, and her nipples were the stiffest I'd seen. She had a little too much hair between her legs...

PC: How do you mean, too much hair?

L: Well, in my films there are lots of close-up shots of the cunt hole. When men see the film they don't want the screen full of thick bushy pubic hair, they want to see cunt lips. So one of my rules is very little hair between the legs. So little hair that the cunt lips are in full view.

H: And their cunt lips must be all fleshy and crinkling and pouting, that shows up well on film also. Ellen had a lovely cunt. The lips were perfect. She had passed the first test.

PC: How many tests are there?

L: Just two, how she looks and how she fucks. I leave all the lesbian casting to my wife. She can tell if a woman will make a good lesbian scene in front of the camera much better than I can.

H: Yes, I can. I then got Ellen to crouch down in front of me and pull her cunt lips wide open with her fingers. I then bent down and had a look into her pussy hole. It is important that they have nice cunt holes, for several scenes in all of my husband's films show women with their cunts wide open. She had passed all this with, how you say, flying colours, and so I told her we would make love.

PC: She didn't object?

H: No, why should she? She was there for a part in a blue film. She had to prove to me she could make love properly.

L: I pay people a lot of money to star in my films. They know this, they will do anything to get a part. Excuse if sometimes my English is not as good as it should be.

PC: I think your command of the English language is very good, Lars, and so is

Helga's.

H: Thank you. I took Ellen into the bedroom and told her to show me what she could do. I undressed and she sat on the edge of the bed and slipped three fingers into her pussy hole and started to wank herself off. She wanked hard and fast and I was pleased to see that a lot of thick love juice came flowing and bubbling out of her cunt hole.

L: Yes, that is important. I like to have close-up shots in my films of lovejuice coming out of a cunt hole.

H: She then had an orgasm and after that she licked her fingers dry in her mouth. I then stretched out on the bed, pointed at my pussy hole, and told her to suck me out. She dived down there and as her gentle tongue sucked and licked at my pussy lips I had a lovely orgasm. I then felt her darting tongue go deep inside my tight hole, and that brought me to another climax. She was slurping away like mad and drinking down a great deal of my thick cream.

I then told her that one scene in the film would be a wanking one, and I pointed to a candle by the side of the bed, a very big candle, and I told her to see how far she could get it inside her cunt hole. She got it in so far that her cunt lips closed over the end of it, and if you had walked into the bedroom at that moment there would have been no way of telling that she had anything inside her cunt hole at all. I had no idea her cunt hole was that deep. I offered her a part in the film on the spot. We made love all day long, she and I, and I must say she had the saltiest juices I had ever had the pleasure of sucking down.

PC: Tell us more about your role, Lars.

L: When I get an idea for a film I hire a writer. You see every one of my films has a very good story line. I then work very hard arranging for everything else, the sets, the lights, etc., I then hold auditions for people. I use the same people over and over again in some of my films, but I also use new people as well in each film to co-star. Does that make sense?

PC: Yes, you have two or three stock actors, and the rest you hire for each film?

L: Yes, that is what I meant. If it is a lesbian film then my wife hires them. If it is heterc then I see the girls who want to star...

H: I also test the men for the films...

PC: Yes, we'll come to that later, Helga. Go on, Lars.

L: I remember the last film I made very well indeed. I wanted a twenty year old girl for one of the main parts. Now the trouble with nineteen year old girls is that although they look young and fresh, some of them don't know about sex, not the sort of hard core sex I depict in my films. Then, just as I had given up hope of finding the right girl, Jane walked into my office, she was an English girl, and very lovely. She looked just right for the part, but could she be good in bed, I asked myself? There was only one way to find out.

H: And this is what Lars likes best about making films.

L: Yes, that is true. I took her into this small bedroom I have attached to the office for such auditions, and she took off her clothes. She was wonderful, with huge firm tits, just the sort I wanted; and she'd fleshy cunt lips which seemed to be pouting out all over the place. I told her that the first scene in the film was cock sucking. I pointed down at my erect penis and told her to suck me off.

H: Even if there hadn't have been a cock sucking scene in the film, Lars would still have told her to suck him, for he liked the blow-job very much indeed.

PC: I think most men do, Helga. Please go on, Lars.

L: I sat on a chair, my cock sticking out...

H: Lars has a fine cock, he could be a star in his own blue films if he wanted to be. That cock of his is eleven inches long. If I had a pound for every time I've taken it into my mouth then I would be very rich indeed.

L: Thank you love, but I'm sure we're not being interviewed about the size of my penis. Well, I sat down on a chair and she knelt in front of me. She took my balls in her right hand and squeezed them very gently. That's what I liked about her, she didn't rush things. She did everything very slowly and with a great deal of feeling. It was obvious to me, from that very first touch, that she really loved sucking cock. She then ran her tongue up and down my shaft, then she used her teeth and peeled my foreskin all the way back, then she licked at the head of my cock till my entire glans was coated with her sweet warm saliva.

Then she took my glans into her mouth, she rubbed it round the inside of her cheeks, then she sucked at it with her lips, then she squeezed at it with her throat muscles, and all the time those fingers of hers were playing with my balls. Yes, she was a good cock sucker. There was only one test left. In my films spunk goes over a woman's face when a man comes after a sucking, that is so the viewers can see everything. But right there and then I wanted to see just how sexy she was. I wanted to see if she would swallow down all my hot sperm.

PC: And did she?

L: Yes, when I came, my hot spunk jetted into her mouth, and her eyes went wide with lust and she had an orgasm, and then she sucked and sucked till I was drained dry, and then she swallowed down my spunk in one huge swallow. Needless to say I offered her a part in the film.

PC: Helga, before you got married to Lars, you starred in several of his films. Tell us about some of them.

H: I'd be glad to. One of them became a real classic in the porn field. It was called 'Dripping Juices' and it was one of the hot-

test films ever made.

L: Could I say that Helga wrote most of the script herself.

H: Yes, I did. The film opened with me walking along a river bank. It was a hot day. I took my clothes off and then splashed about in the water. I then sat on the grass and pushed three fingers into my pussy hole and wanked myself off...

L: I made sure the camera went into close-up there. The entire screen was filled with Helga's fingers going in and out of her very beautiful cunt hole.

H: I had a real orgasm, then I wiped my finers dry on my breasts. Then Ted came into the picture. He was a real super stud, with a prick every man would envy. He, in the film that is, walked up to me and dropped his trousers. I gasped at the size of his cock and took it in my mouth and sucked him off. At the last moment he pulled his prick from my mouth so that his hot sperm hit me right between the eyes and then dribbled down my nose...

L: I then moved the camera in close as my wife wiped the sperm from her face with her fingers and then licked at her fingers with her tongue. It was a great shot.

H: Ted and I then rolled about in the grass and after a little while he pushed is tongue deep into my quim and sucked me out to an orgasm...

L: A great shot that, for we got Helga to hold her cunt lips open with her fingers after Ted had pulled his face away, and we obtained a first class shot of all her thick juice streaming from her pussy hole and soaking into the grass.

PC: I must say it is unusual to hear a husband and wife talking about sex in such a matter of fact way.

H: We are in the porn business, what other way is there to talk about sex? Anyway, in the film, I sucked Ted's cock again and got it nice and hard, then he got on top of me and pushed his monster of a prick deep into my hole. I didn't have to act or fake a thing, his cock felt so wonderful inside me, felt so good as it plunged in and out, that I was having orgasms all the time. I would have liked to have his spunk inside me, filling up my pussy, but for the purposes of the film he had to come over my flat belly. Mind you, I got him to wipe it up afterwards with his fingers, and of course I sucked his fingers dry.

L: And that made another lovely shot, I then got the camera back down to my wife's cunt lips and showed, once more, the juices flowing and bubbling out of her lips.

PC: What else happened in this film?

H: You name it and I did it. I fucked a woman with a dildo, she fucked me with a banana. I screwed with five men at the same time...

L: But the climax of the film was the best. Helga was on a bed. Six men round her, all wanking off over her face and tits. Helga had her right hand deep inside a woman's cunt hole, and her left hand was holding on to the cocks. A woman was also stuffing a candle into Helga's cunt hole and wanking her off with it. Yes, I think that was the best climax of a film that I've ever produced.

PC: How did you get into the blue film business, Lars?

L: A good question. I was a stud in a live sex show club in Copenhagen, I'd also made a few blue films. I hought I'd make more money producing the films than starring in them. So I got a loan from the bank, set up my own company, and I haven't looked back since.

PC: Helga, how about you? How did you start in the porn game?

H: I loved sex ever since I could remember. I used to go out with a different man every night of the week. I used to fuck so hard and so long that I was always too tired to go to work the next day. I lost a lot of jobs like that. Then I met Lars, he suggested that as I liked fucking and sucking so much, that I should get paid for it. So I joined his company and started to make blue films with him. I must say that I've enjoyed every single second of it.

CALLERS WELCOME

PC: Have you ever been worried about the moral aspect?

L: No. What's wrong with showing, or making, films which depict people making love. Sex is a natural thing, everyone is doing it. What's wrong with making films about it? You know, I feel very sorry for people in your country. The censorship laws are really stupid.

H: Yes, stupid. In Denmark we are treated like adults and allowed to read and see what we please. It's about time that all the people reading this wrote to their MPs and complained about being treated like kids.

PC: I couldn't agree more. Now tell me, Lars, doesn't all this blue film making affect your own sex life. Don't you get bored with sex?

H: I'll answer that. Lars is my husband, and he's still the best lover I've ever had. When he sinks his lovely thick cock into my cunt hole then I have the most beautiful orgasms. No, making blue films all the time increases his sex drive, and mine.

PC: Tell us about some of the other films you have made.

H: One I enjoyed very much indeed was called 'Naked Pussy'. I shaved all my pubic hair off for that one, hence the title, and my cunt lips flopped about all over the place every time I moved.

L: And a very erotic sight it was as well.

H: In very extreme close-up, I pushed this huge banana into my cunt hole. I wanked off with it. The skin of the banana split while it was inside me, and I had great fun pulling the pieces out with my fingers. Of course I popped the pieces in my mouth and swallowed them down. It was first time I had ever tasted cunt cream flavoured banana, it was a fabulous taste.

L: Yes, that film sold out in ten days flat. My favourite film in which Helga starred was called 'Dildo Delight' in which she wanked off with the biggest dildo we could find.

PC: I'd like to get back to something we were talking about earlier. I find it difficult to believe that people actually queue up to star in your films.

H: You'd better believe it, because it is true. There are a lot of women like me around; women who like sex, and enjoy performing in front of a camera. Why, only the other day I auditioned two men, two stock brokers from London, who wanted to be in a film.

PC: When you audition men, what do you look for, if that isn't a silly question?

H: No, it's not a silly question. The obvious answer is that I look at the size of their cocks, but there's more to it than that. A man has to have stamina for a blue film. Let's say he's on top of a woman, fucking her as hard as he can, then the camera runs out of film, or one of the lights blows out. Everything has to stop, the man has to keep his erection, and then start all over again. Yes, size and shape of cock is very import-

nt, but stamina is essential. Also, a man has to be able to shoot out one hell of a lot of spunk when he comes; there is no place in blue films for a man who just ejaculates a thin trickle of spunk. That sort of thin stuff wouldn't show up at all well on the film.

PC: You said they were two stock brokers from London?

H: Yes, they were in Denmark for a holiday, and for a laugh they thought they'd come along for an audition, and for a laugh, I decided to give them a try. We all went into my rather large bedroom and I undressed them, gave each of their cocks a quick suck to get them fully erect, then I stood back looked at them. They were two fine cocks, both large and hard and stiff. It only remained to be seen if they could use them properly.

We got onto the bed and they kissed and sucked and licked me all over. One of them pushed his tongue into my pussy hole and sucked out my juices, while the other one squeezed my tits together with his fingers and then took both my nipples into his mouth at the same time. One of them then drove his cock into my cunt. He wasn't bad, but he didn't go in deep enough for my liking. When a man fucks me I like to feel his balls pressing up hard against my cunt lips as he piles in and out, I like to feel the head of his glans battering away in my depths. This first bloke wasn't a bad fuck, but he just didn't go in deep enough. I told him to pull his cock out before he came. He did, and I must admit there was a fair amount of thick spunk on my belly when he'd finished.

I wiped the sperm off my belly with my hands, and then I told the second bloke to get stuck in and show me what he could do. He was better. His cock went all the way in and really battered like mad, and I had some great orgasms. But he failed in the end, for when he shot his sperm out onto my belly it was only a weak dribble. It didn't even taste very salty. It was a pity I couldn't have combined both those pricks for a film, one with plenty of spunk, and one with plenty of length. So you see, it isn't just cock size that is important as far as I am concerned.

PC: Lars, what are your tests for women?

L: They have to suck well, have to be able to drink down as much spunk as I can give them. Obviously they have to be prepared to wank themselves off with anything that will fit into their cunt holes, and I do mean anything. And they have to fuck well.

PC: Tell us about some of the girls you've tested then.

L: I'd prefer to tell you about some of the films I have made. I thought that was what I was here for?

PC: Okay, tell us about the films you've made.

L: Thank you, after all I am a film maker. The auditions with the girls are only a small part of the job. Now most people think of blue films as being only ten or twenty minutes long. Well, last year I made a full length feature blue film. It is still running in Denmark. The censor in this country wouldn't let it be shown unless all the sex was cut out. I find that ridiculous. When are you people in the U.K. going to grow up and demand the right to see films such as mine? Anyway, this full length film, it was two hours long, and contained some of the most explicit sex scenes I have ever filmed.

H: Again, I can vouch for that, some of the scenes in the film almost shocked me. Yes, the most explicit of films.

L: It was the story of a young twenty year old girl in search of the perfect orgasm. The film started with her waking up in bed. She has a shower then she pushes the bar of soap deep into her cunt hole and wanks off with it. She is not happy with the orgasm she gets, is not happy at the small amount of cunt cream which dribbles from her tight little hole. She makes up her mind to spend the rest of the day searching for a perfect orgasm.

PC: Does she succeed?

H: Yes, in the end she does, but only after she has lots and lots of sexy adventures. Go on, Lars, tell him about it.

L: The girl goes out and picks up the first man she can find. She goes back to his flat and he fucks her, and although she enjoys it, she doesn't have much of an orgasm. She then picks another man up, she thinks that sucking him off and drinking down every last drop of his spunk will help, but it doesn't.

H: She then thinks that she has to be a bit more kinky to get the orgasm she is looking for. So she goes with her first woman and allows herself to be fucked with a dildo. She enjoys it, as any woman would, but even sucking and licking her own juices from the dildo afterwards doesn't give her the orgasm she wants, so she decides to become even more kinky.

L: So she goes to the club, this sex club, and joins in with one of the acts, and indulges in some water sports, but that doesn't give her the orgasm she wants...

PC: We are getting close to the end of the interview time, Lars, could you tell us how this woman does get her orgasm in the end?

L: Sure. She finds it at home with her boyfriend. You see the film is a very moral one. Despite all the kinks, and they include bondage, lesbianism, etc., that she went through, she finally found the best orgasm of her life back in her own flat when her boyfriend slammed his cock into her. She had the best orgasm with the man she loved. Mind you, all her kinky experiences had taught her a lot, and after the boyfriend had come inside her cunt hole she pulled her pussy lips open with her fingers and allowed all the sperm to drip out from her hole and shower down all over his face...

H: Of course, being the lady she was, she bent down and then used her tongue to lick up every last drop from his face. It was a very nice ending to the film.

PC: What are your plans for the future?

L: The reason I'm in London at the moment is to spread the word, as it were. I'm selling my films to some of the blue film clubs in London, and I'm also trying to get my new feature film passed by your censor. I don't think I'll have much luck there though. You're so old fashioned in this country.

H: I'm here to look for some new talent for a film we're about to make. For some reason I find that English girls are the sexiest in the world. They may look prim and proper as they walk down the street, but get them in front of a camera and they really come alive.

PC: Have you seen any women in London that you like?

H: Yes, I put an ad in the paper a couple of days ago. I saw the first girls this morning. Some of them were good, but one of them, a girl called Rose, really stood out. In fact she was so good that Lars and I auditioned her together.

PC: You mean you both fucked with her at the same time?

L: Yes, that's what she means. Rose had a beautiful body, real heavy ripe breasts and nipples that made your mouth water from just looking at them. Her legs were so long they seemed to glide right up to her armpits.

H: Yes, she was lovely. To see how good she was at porn, I suggested that she and I suck Lars off and share out his spunk between us. She agreed to that, and Lars didn't object...

L: How could I object? Two naked women, two very lovely naked women, sucking me off at the same time. I'd have been mad to have objected to that.

H: I worked on Lars's balls, that way I could keep an eye on what Rose was doing to the rest of his prick. I had to find out if she was good enough for one of our films. Lars was enjoying himself far too much to be objective, and anyway, I had a better view of what was going on than he did.

L: I didn't get any view at all. I just shut my

A TIME AND A PLACE

PLAYBIRDS Continental FICTION

As he was finishing cleaning his teeth before going down to breakfast that morning, looking forward to the prospect of the next few days spent in his old chum's house, Devonish fancied he heard something scratching at the bathroom door. There was much that was strange about Cardew's rambling old mansion, and the noise could easily be put down to some fault in the plumbing, but all the same the guest padded silently to the door on bare feet, caught hold of the handle and tugged it suddenly towards him.

To his astonishment, a weight pressed the door into the bathroom faster than he had anticipated, and he was still trying to regain his balance when he realised that the weight in question was the scantily clothed body of his friend's eldest daughter, the nubile eighteen-year-old Fancy. The girl fell into the room, sprawling on the lino, and then scrambled to her feet with an expression of fear on her face.

"What on earth...?" Devonish demanded, staring at her rather shapely form in its thin bright nightgown. "How long have you been there?"

The tone of his voice was so stern that the young girl began to quail before him, and she regarded his angry face with big baby-blue eyes. If it hadn't been for the fact that he was a good twenty years older than her, he might well have found himself becoming aroused at this unexpected proximity.

"Please, Mr. Devonish," Fancy began in a tremulous voice. "I didn't mean any harm, only I wanted to check that there was nobody in here before using the bathroom myself."

"Then why didn't you knock?"

The girl seemed nonplussed at this question, and stood there in front of him, shifting her weight from one foot to the other while his eyes roved over her half-obscured form. What on earth was he to do about this situation? If he let her off with a warning, he couldn't be certain that he would be taken seriously; on the other hand he didn't want his visit to be marred by making the girl's behaviour public.

"Now look here, Fancy," he said, closing the door behind her back to gain a little privacy. "If your father knew you were in the habit of spying on his male guests in the bathroom of a morning, he'd be very cross with you, wouldn't he?"

One look at the fluttering blonde eyelashes which screened her pretty face was enough of a reply. Fancy had been caught out in some childish peccadillo, and it was fitting that she should be punished.

"Now if I had a daughter of your age," Devonish resumed, feeling himself beginning to become aroused, despite his good resolution to the contrary, "and I caught her at this sort of game, I'd probably turn her over my knee and spank her behind. That wouldn't be unreasonable, now, would it?"

"No sir," mumbled the young girl, starting to squirm in a playful sort of way and smiling at him as if she expected to be able to thwart his retribution with a show of coyness. This only served to inflame Devonish's indignation the more, and he resolved not to let her go without some form of chastisement.

"What were you hoping to see, anyway?" he persisted. "A girl of your age must have seen a chap's cock before, hey?"

And with that, the guest inserted his forefinger into the fly of his pyjama trousers and yanked out the half-coiled snake of his prick, shaking it into view briefly before returning it to its lair.

"There you are," he resumed in a reasonable voice. "Nothing remarkable about that, now is there?"

Fancy bit her lower lip, and Devonish was pleased to see that her cheeks had a healthy pink tinge: so she *was* capable of shame...

"Now this can't go on, you know, you're a young woman now, not a little girl. D'you want me to hand you over to your father, or will you take punishment from me? What d'you say?"

Fancy instinctively held both hands over her crotch, as if in a defensive posture, and her lower lip trembled as she looked up into the face of the man her father had invited down for the weekend. Her blonde hair framed her broad face prettily, while her blue eyes were sparkling with tears. There was really no choice in the matter.

"Do you want me to bend over?" she said at last, in an appealingly tender voice.

"Yes, I think you'd better bend over that chair," said Devonish sternly, indicating the straight-backed dining-chair which served as a towel-rail by the side of the bath. "That's it, now raise your nightdress – come on, girl, this is no time to be bashful."

The young malefactor did as she was told, bending forward with the highest rail of the chair-back digging into the crease of her stomach, her soft bosom hanging in the bodice of the nightdress, her blonde tresses likewise dangling down to the rush seat of the chair. Then she reluctantly plucked at the hem of

her nightdress, pulling it up from mid-calf to somewhere near the top of her white thighs; this however was not far enough for the purposes of the stern middle-aged man in the pyjamas, who caught hold of her hands and wrenched them up to the small of her back so that her broad bottom was fully exposed to sight.

And what a sight it was! For one instant Fancy felt the burning gaze of the guest warming the naked globes of her posterior as she cringed before the expected hail of blows, then she shuddered all over as his open palm smacked down with a loud thwacking sound on the broadest part of her buttocks, sending shock-waves racing up from her crotch.

"Keep still!" the voice behind her commanded, and she tried to brace herself with her feet wide apart on the lino as the hand whistled through the air once more and landed fair and square on the trembling buttocks, stinging them and turning them a bright pink in the process.

"Please," she murmured through clenched teeth, but she knew that Devonish would want to mete out the punishment right to the end – he was obviously a man of principle, and half-measures would simply not do.

As for Devonish himself, he was becoming increasingly disturbed by the tendency of his organ to stiffen with every contact of his open palm on the girl's backside. In fact, if the events of the last ten minutes hadn't happened so naturally, he could have sworn that the whole episode was nothing more or less than a deliberate attempt on the part of the sexy girl to get into a compromising position with him. There was something undeniably erotic about the posture she was now in, straddling the chair and offering her naked posterior to the world, and he began to suspect that the whole little-girl act was something less than the whole truth. With this thought uppermost in his mind he leant into the next slap with all the strength in his shoulders and Fancy screamed briefly in genuine hurt.

Devonish looked down at his crotch, and was astonished to see that his penis had erected almost fully, making the thin material of the pyjama trousers stick out as if he had a tent-pole inside there. In this pause the girl wriggled into a standing position, lowering her night dress and turning to him with her pretty eyes brimming with with tears.

"Daddy used to always kiss me afterwards," she said with a slight catch in her voice, "just to show there were no hard feelings."

It was unfortunate that she should have used the words 'hard feelings' as she did, for Devonish was irresistibly reminded of the stunning hard-on which stood out between them, swathed in the crotch of the cotton trousers. Somewhat dizzily he realised that the young blonde he had so soundly spanked was clasping her hands behind the nape of his neck as she stretched up on tiptoe to be kissed, and then came the most delicious pressure on the head of his erection as her soft belly pressed it back against him. The fact that she must surely be fully aware of his condition, and yet said nothing about it, only added to the sexual tension he felt himself under, and when at last their lips met, he found himself, much to his surprise, returning the girl's kiss with interest, stabbing his tongue in between her lips and giving her a regular French kiss while his spunk seethed in his balls. What if someone else should happen to want to use this bathroom at this very instant!

Devonish felt his hands creeping up the back of Fancy's thighs, then cupping the tender fleshy globes he had so lately chastised, feeling the girl wince even at this slight pressure. He felt ashamed at what he had

done, but also ardently keen to progress to more explicit forms of sexual expression...

"You've got a thumping great hard-on, haven't you?" the girl demanded in a coquettish tone of voice, and before he could reply, she continued, "I bet you're one of those blokes who can only get hard spanking a girl like me. Am I right?"

"Fancy, this is absurd," he said, trying to unclasp her hands and push her from him. "I punished you for spying on me..."

"Yes, and you also showed me your knob," she persisted, taking a great delight in the way she used the rude word. "Well, are you going to show it to me again? After all, I've already been punished for it, so where's the harm?"

"I – that is..." Devonish stuttered, but he was too slow. The blonde had dropped to her knees in front of him and had pulled out the fleshy sceptre of his passion before he had a chance to react. Then she was stroking the large downward-curving prong of his penis, rubbing the foreskin back and forth with a practised manner, jiggling the hairy ballsack and generally intimating that there was nothing she could desire more in the world than to make him spunk off over her pretty, smiling face...

Now it so happened that Devonish, being a confirmed bachelor, had never had the experience of being handled and sucked by a charming eighteen-year-old blonde on the floor of a bathroom before; furthermore, he hadn't had any contact with a member of the opposite sex for some considerable time, with the result that his scrotum was full to overflowing with spunk and his nervous system was in a very delicate state indeed.

"I don't think you'd better do that, Fancy," he said through gritted teeth as the girl in question began to spread the tip of her pink rasping tongue over the tremulous head of his cock. "You see, I haven't come for some time, and..."

But he had to catch his breath at this point, for the daughter of his old chum was now firmly sucking the end of his tool behind her front teeth, lashing its underbelly with her tongue and still briskly wanking the barrel with both hands. He tried toward her again, but the matter was now completely out of his hands: as if sensing the imminence of his spunk-up, the girl redoubled the speed she was tossing him at and made his foreskin run crazily over the widest part of his glans, causing the balls to dance heavily below the shaft, and at the same time blowing strongly on the very tip, which was lodged in the front of her pretty mouth.

"Oh my God!" exclaimed Devonish, leaning forward until the top of her blonde head was in his midriff; the mouth seemed to suck at him like some vast predatory mollusc while the tentacles of her clever fingers clawed him to a state of grace; he clutched at her head, holding it firmly in position, and then surrendered to a shattering climax.

There came a gulping sound from the direction of his crotch, and then he was shooting the main bulk of his spunk in thick sheins down the girl's gullet, pumping it out like a geyser in full flood, making her fight for breath as she gulped and chewed and swallowed. Never in his life had he taken so long over ejaculation, and he found himself wondering if the girl herself had known quite what she was letting herself in for. All the same, he reflected as his erection began to shudder to a halt in the roof of her mouth, at that age girls often try their utmost to show how sophisticated they are, so perhaps he had simply got lucky this time...

Eventually Fancy withdrew her flushed face from the steamy confines of his crotch, licking her lips and breathing hard as she

did so. There was a look of unmistakable triumph in her eyes as she kissed his wilting cock for the last time, slurping up one last stray gobbet of spunk which had been squeezed out onto the head of his cock.

"That was fantastic," she breathed, looking at him in some kind of adoration while he stood with his hands on his hips and his breath coming in deep rapid draughts. "Do you always make such a lot? My boyfriend has never given me so much stuff all at once. Let's do it again tonight?"

"I think you'd better run along to breakfast," panted Devonish, his mind fairly reeling.

"But I want to use the bathroom," she replied simply.

"Yes, of course" he murmured, making for the door. "See you later..."

Breakfast was a nightmare. Every time he looked up from his plate there she was, sitting across the table from him between a couple of innocent siblings, lingeringly fastening her lips to the rim of her teacup, or else making a meal of a piece of toast – anything to do with her mouth which would suggest the act of fellation to him! It was torture to have to sit there making conversation to her father, knowing that the pretty, almost angelic-looking girl opposite him had his spunk inside her gullet!

"Perhaps Fancy would like to show you round the grounds after breakfast?" suggested her mother brightly, during a pause in the conversation. "Now come along dear, you're quite old enough to take your responsibilities as a member of the family."

Fancy turned to him and grinned wickedly, then dug the tip of her pretty tongue into the corner of her mouth, as if searching there for a stray crumb of toast. Devonish felt his cock stiffen beneath the tablecloth...

Half an hour later they were walking away from the house, in the direction of the greenhouses, which is where Fancy's mother had proposed they should begin their little tour. The eldest daughter of the house was leading the conversation, such as it was, while the guest started directly in front of him, trying to keep his feelings under control at least until they should have got out of sight of the house.

"What I really like," said Fancy earnestly as she led him round the corner of the old building, "is fingering myself and sucking at the same time. My boyfriend likes me to come off, you see, at the same time as he does."

"And where is this boyfriend of yours?" Devonish muttered, following the girl's swinging haunches as she preceded him into the long empty greenhouse.

"Oh, he's away at college," Fancy replied carelessly. "Anyway, his knob isn't half as big as yours. Shall we do it here?"

The guest started to protest, but it was all in vain: in one smooth motion the girl's clever fingernails had unzipped his fly, her other hand scooped out the stiffening pole of the organ in question, and he was already being masturbated in a slow and languid fashion. His hands came up automatically to her chest, climbing up inside the thin pullover she had on, and he was agreeably surprised to feel that she had omitted to wear a bra this morning.

"D'you want to shoot in my mouth again?" she murmured, rubbing up against him like some overgrown kitten.

"Don't you want to fuck?" he replied.

"I'd rather you gave me another mouthful," she confessed in a rather coy manner. "I do love the taste of your spunk."

It astonished him to hear this innocent-looking lady come out with this kind of language; not

"Come Play With Me" 2

COME PLAY WITH ME 2 – A REAL 'BLUE' MOVIE. AFTER A THREE YEAR WAIT IT'S HERE! The follow up to the CONTROVERSIAL Sex Comedy 'Come Play With Me'. No British studio or crew would make or handle this 'double hot' movie – as a result the makers were forced to make it in GERMANY'S SEX CAPITAL – HAMBURG. 'COME PLAY WITH ME 2' is UNDOUBTEDLY the funniest, bluest, hottest film released in 1980. BUT it's such a cleverly made film that it will appeal to both sexes – it's a sex film you CAN take your wife or girlfriend to – AND it WILL Turn her on! This film is highly explicit, but you won't find it crude. Make sure YOU'RE one of the first people to see 'COME PLAY WITH ME 2 – a film that's ten times hotter than the orginal.

PLAYBIRDS Continental FICTION

GISELA RECALLED

The other day I was leaving my chambers in the Inns of Court, thinking of the case I was working on and turning various aspects of it over and over in my mind, when I was struck by a sudden and perfectly unexpected accession of lust. I stood there with the key in my hand, feeling the barrel of my cock stiffen and throb with every passing second, wondering whether something had gone wrong with my body, and for a few delirious moments I was completely at a loss to explain the phenomenon.

I should add that I'm a respectable member of the legal profession and that my respectability is not simply skin-deep: I have been happily married for eight years this winter, and not once in that time has the temptation to be unfaithful to my wife ever won the day, even though opportunity had not been lacking. In fact, apart from the perfectly normal and healthy arousal experienced by all heterosexual males when viewing sexy sequences in films, for instance, or perusing the pages of glamour magazines, I have never even desired another woman in all this time, which must surely be something of a record!

All of which makes it abundantly plain that finding myself experiencing erection in the middle of the afternoon is the sort of thing to make me put my thinking cap on in a hurry. Not that I am at all neurotic, it was simply that I have a naturally inquiring mind, and my career has trained me to be sceptical about most facets of life, physical or psychological. I turned various possibilities over in my mind without coming up with any kind of solution, and so it was with something of a nonplussed air that I made my way to the Tube station as usual.

My penis was still half erect in my pants, so that it was hardly the sort of problem I could put out of my mind, and throughout the entire walk to the station I found myself growing increasingly frustrated in my attempts to come up with a reasonable explanation. After all, my wife and I lead a perfectly normal and satisfying sex life, so there could be no question about an excess of libido being responsible for my somewhat embarrassing condition; it had to be some stimulus which I hadn't been aware of. But what could it be?

I was strap-hanging half an hour later, holding my briefcase in front of my crotch for the sake of modesty, when the train pulled into a station and a party of tourists marched on board. Not paying them any attention, I turned to stare at an advertisement above my head, when I was suddenly struck by their conversation.

Looking back on it now, I cannot remember what they were talking about, since my German isn't all that good, but in that instant I realised what the solution to the mystery was, and the memories which came flooding back in the wake of this insight form the subject of this piece...

It wasn't what they were saying, you see: it was simply the fact that they were talking in German, coupled with my recent experience of sexual arousal, and when I had identified the source of that, I was well on the way to clearing the whole business up. Immediately above my chambers (I realised all in a flash) there is a small flat occupied by an eminent barrister who often takes his lunch there, being too pressed to afford the time necessary for eating out. He has a small kitchen off the main chamber, but the cooking smells rarely if ever bother me – besides, my wife is always telling me what a poor sense of smell I have. And yet today, today!

What had happened was simply this: without realising it, I had caught a whiff of the great man's lunch, the wind having playfully diverted the fumes downwards (or so I suppose) and the odour of boiling cabbage had wafted down to me without my consciously realising it; and by some mysterious process, this smell had triggered off a physical reaction in me which had nothing to do with the case I was working on, the state of the Pound, or any other single problem of my daily life. In fact, it had bypassed my conscious mind and taken me back across twenty years, and hearing German spoken on the Tube was the key to the whole situation...

As a callow yough of eighteen I was pressed into spending part of my summer holidays en famille with a Bavarian business contact of my father's. I had never been particularly keen on the language at school but here (I was told) was an excellent opportunity to pick up some invaluable conversation practise. What I was chiefly concerned with at that time of life, if I am to be thoroughly honest, had far more to do with young ladies rather than how to speak a foreign language idiomatically, but since the alternative of spending the holidays with my younger siblings was too frightful to contemplate, I found myself falling in with my parents' plans: after all, it was something of an

adventure, I consoled myself by thinking.

And so it was that I came to visit the Schiller family in their charming summer house in the mountains; I intend no irony, since it was a charming place, built high up above the village and fitted with balconies of unpainted wood which jutted out dramatically overhanging the slope to give the most dramatic views of the surroudning woodland. My room was at the rear of the house, a small but neat cell with a single bed, a desk and a chair, and the teenage son of the family, a surly youth called Rudi, slept next door. The only other inhabitants of the place, apart from Rudi's parents who slept at the other end of the building, were an old couple who cooked and cleaned for the famuly. Very cosy.

Life wasn't half as arduous as I had feared. To start with, I had made my reluctance to learn German perfectly plain, with the happy result that Rudi spoke nothing but English in my presence, and whenever Herr or Frau Schiller made dutiful enquiries as to my progress in that tongue, there was always some way of covering up the fact that I was learning as little as possible.

Having got that obstruction out of the way, I was left pretty much to my own devices. This suited me, as it happened, since nothing which Rudi did held the slightest interest for me, and I was quite content to wander about by myself, peopling the slopes of the mountain with creatures of my own invention and only seeing the family at meal times. Quite content? Perhaps that is a slight exaggeration...

I was still a virgin, and as with all youths of that age who have yet to experience the joys of sex at first hand, the matter weighed heavily with me. Practically every night I masturbated, usually finishing off into a paper tissue, and these nocturnal activities were always succeeded by a sense of loss and shame. How I longed to clasp a buxom village girl round the waist and wrestle her down into the grass! How I panted after the most vaguely promising specimen of femininity who presented herself to the house at all regularly, the decidedly fleshy girl who delivered the milk every morning!

It is significant that I cannot remember the girl's name, and I will say at once that it was not she who relieved me of my burdensome virginity, despite all the ardent glances I bestowed on her from my monolingual prison, no no no, it was not she. So while I lusted and wanked myself into a state of near-imbecility, the world turned round without me, and events began to move beyond my control.

The old couple who 'did' for the Schillers had a married daughter in Munich: would it be alright for this person to come and visit one weekend? After all, it was so hot in the city at this time of year, and the cool mountain air would be like a new lease of life to her... I picked this information up from Rudi one evening after supper – the conversation had been conducted right there in front of me, but I was too slow to catch any of it.

"That's a bit of a bore," I remember saying. "I hope we aren't expected to put ourselves out in any way."

"No no no," sighed Rudi, sighing for my ignorance. "She will sleep in the servants' part of the house, and you will probably never even see her."

"Have you ever seen her?" I persisted, convinced in some odd, instinctive way that the arrival of this woman was a kind of threat to my tranquil routine. I had visions of some gross, sweating housewife disrupting the peace of the holiday with her raucous laughter, her demands to meet the English boy.

"Don't worry," said the Ger-

man boy, and returned to his collection of old bottles. At least, I think it was old bottles, he was just the sort to have some boring and quite incomprehensibly absorbing hobby which kept him out of trouble seemingly for days on end. I left him to it, determined to think no more about the inpending visit of the servants' daughter.

Frau Gisela Beckmann arrived on the Friday evening; on Saturday she kept mostly to her parents' part of the house, venturing out to be introduced to the family; and early on Sunday morning she seduced me.

Seeing the words in black and white like this brings it all back to me with a stunning clarity, my heart picks up speed, my palms dampen with sweat. And yet for most of that eventful day I was as icy calm as a frozen pond, perfectly aware of what was happening to me and yet at the same time wonderfully detached, a quality which has stood me in excellent stead in my chosen profession on more than one occasion...

But to return to the Saturday of her visit: just before we sat down to supper, while Rudi's parents, he and I were assembled in the dining room, there came a knock on the door and the old couple entered, carrying bowls of food and preceded by a woman of thirty or so, likewise bearing a tray of food and smiling at the Schillers, whom she remembered from a previous visit. Rudi's parents made much of her, of course, since they wished it to be known that they regarded servants as human beings – and by extension, also the children of servants) and while they were chatting about family affairs I had the opportunity for a long, cool appraisal of the woman whose visit I had dreaded so much.

The fact that she was twice as old as myself, well almost, was neither here nor there. Gisela was rather tall for a Bavarian woman, dark in face and hair but with surprisingly light tawny eyes which glinted with half-submerged depths from time to time. Her voice was nicely modulated, not at all shrill as I had feared, and her parents were obviously beamingly proud of her. She shook hands with me, offered a few English words of greeting and then went back to the servants' quarters behind her parents, leaving me with the fleeting trace of her palm print on mine, and a burning desire to fuck her.

And why should I have entertained this ambition? There was nothing particularly attractive about the woman. Oh, she had the right number of legs and eyes and tits, and so on, and her figure didn't look at all bad in her simple summer frock, but there was nothing of the coquette about her, nothing to suggest hidden passions for a randy eighteen-year-old to relate to. There was simply a conviction in my mind, singular fellow that I am, that she would be the ideal person to initiate me into the mysteries of adult sex.

I lay awake that night with my erection in my hand determined not to spill my seed as I usually did, and consequently it must have been early morning by the time I eventually dropped off. It was certainly broad daylight when I awoke, and this I do remember for two reasons. One reason was that the old servant woman had promised to make a special Sauerkraut in honour of Gisela's visit, and the faint fumes of cooking cabbage were already drifting in under my door when I opened my eyes: the other reason is the fact that the first thing I saw when I did wake up was the figure of Gisela herself sitting on the end of my bed.

I opened my mouth to express my surprise, but she motioned for me to be silent. I gulped and watched, still wondering whether or not I might be asleep and dreaming, while she proceeded to undo the front of her dress. The sight of her long white

breasts spilling out of the front of this garment made my mouth go dry, and I sat up in bed, my heart pounding and my eyes rivetted to the proud thrusting nipples which turned slightly upward at the end of those luscious tits.

"Do you want me?" she whispered simply, and it was all I could do to nod my head by way of reply. All the same, I was determined not to let her know how inexperienced I was, and accordingly I made up my mind not to show my nerves.

"Take it all off,' I whispered as she made to climb into bed beside me without removing the dress completely. And while she hesitated, standing with one foot on the bedside rug and one raised to get between the sheets, I urged her in the same tone of voice: "Take it off! I want to see your body!"

Growing with confidence with every word I spoke, I reached out and gripped the hem of her dress, yanked it up and exposed her lower limbs, which were as naked as the day she was born. Gisela gasped slightly at my boldness, and I saw at once why she had been loth to show her groin herself: she had a long white scar diagonally across her lower abdomen, the mark of an appendectomy. But the sight of her verdant bush, how thickly and darkly it curled and frothed over the hidden gash of her organ, made me cast caution to the winds: I wrenched the garment all the way up her naked breasts and clutched her fleshy thigh as she quickly climbed into bed beside me.

What does one remember most of all about losing one's virginity? Is it to do with the sensation of actually sinking your cock inside a real cunt for the first time, the way you have imagined it over and over again? Or is it some small detail which you will remember for the rest of your life, such as the sound of the girl's dress hitting the floor by the bed, or the way her breath smelt?

To my surprise, I find that the predominant impression which still remains after all these years is the smell of cabbage simmering throughout that long morning, while Frau Beckmann and I cavorted in my single bed. The smell of cabbage! I wonder what she herself would have to say to that, could she talk to me face to face now?

After all, she did give me the works, if I may permit a vulgarism to creep into my narrative. I was still sitting up in bed feasting my eyes on the swinging udders of her chest when she straddled my crotch, lowered herself into my lap, and caught hold of the rigid prong of my penis. In one smooth motion she had speared herself on it, sliding the short distance down until our pubes met in hairy embrace, and fastening her lips to mine at the same time.

Naturally overwhelmed by this attack, I could do nothing but sit there with my cock standing vertically inside her, hands on her back for some reason and my tongue moiling against hers. The sperm which had been denied ejaculation the previous night was now fairly hammering to be realeased, and the subtle clutching of Gisela's cunt muscles was hastening the crisis. As if knowing exactly what was happening to me, the housewife pulled herself stickly away from my organ at the very instant that I felt I could hold back no longer (for you must remember that this was well before the age of the contraceptive Pill) and to my utter astonishment proceeded to crane down and suck her juice from my cock.

All the fantasies I had ever entertained about oral sex came to a head in one blinding flash of light; my cock seemed to swell to twice the size between her greedy lips; the bed seemed to drop away beneath me and I opened my mouth in a silent shout of

EROTIC FILM REVIEW

A BONANZA FOR SEX FILM FANS THIS SUMMER

This month we devote the bulk of our film review for plugs and two AWARD winning foreign sex films – both are really superb films in their own right:

DESIRES WITHIN YOUNG GIRLS

COME PLAY WITH ME 2

As well as giving a passing mention to several other films which we've reviewed in the past which are still doing the rounds.

DESIRES WITHIN YOUNG GIRLS

This film won four awards from America's Adult Film Association erotic film awards (The Academy awards for X-Rated movies!). It won best picture, best female actress, best screenplay and best production value. The film Stars Georgina Spelvin as a kinky mother and Annete Haven and Clair Dia as her two adolescent daughters. It's really the story of the two daughters coming out of school (complete with gym slips!) and entering the real world, the two sisters share an adventure in erotic discovery. The film culminates in a long sex orgy at a kinky party – this long scene is something very special (even for the jaded sex film fans). I'll not bore you by going on any more about how good this film is... I simply say 'see it for yourself' YOU'LL **NOT** regret it! – SHOWING AT THESE CINEMAS:-

LONDON: Eros Cinema, Piccadilly Circus, Soho, from Thursday August 7th.
BLACKPOOL: Studio Cinema, from July 31st
GLASGOW: Classic Grand, from August 3rd.
EDINBURGH: Classic, from August 4th.
BRISTOL: Studio Cinema, from August 7th.
And from Sunday August 3rd at these Cinemas:
LEEDS: Plaza; SHEFFIELD: Studio; BRADFORD: Cinecenta; ROTHERHAM: Classic; LIVERPOOL: Studio; MANCHESTER: Studio; STOCKPORT: Classic; NEWCASTLE: Studio.

COME PLAY WITH ME 2

This is the far hotter follow up to the Controversial sex comedy 'COME PLAY WITH ME'. The naughty nurses are back and so is the gym-slip sex! A superbly hot comedy. This film recently won the Golden Rose Award at the Copenhagen Sex Film Festival and has been breaking box office records all over Europe. It's far stronger and far funnier than the original 'Come Play With Me' (Though this film is still well worth seeing – it's the longest running British film in the history of cinema, as well as being the film which made Mary Millington a Star).

We urge all readers to see 'COME PLAY WITH ME 2'. This film will not be showing all over the U.K. it will be on a very restrictive release. Exclusive showing at these cinemas:

FROM Thursday July 31st at the Moulin Cinema, Gt. Windmill St., Soho. LONDON

From Thursday August 28th at the Studio Cinema, BLACKPOOL.

Whilst these two films are undoubtably the best new films of the Summer there are still a few good films and film programmes that are still doing the rounds and still well worth seeing, though in our humble opinion they are not as good as 'DESIRES WITHIN YOUNG GIRLS' and 'COME PLAY WITH ME 2':

VIOLATION OF THE BITCH/ PLAYBIRDS

A very strong 'Double X' programme. Well worth seeing. 'Violation of the Bitch' was the 'banned Continental movie' that took two years to come to London, whilst 'PLAYBIRDS' is probably the most dramatic role played by sex queen MARY MILLINGTON. (She plays a sexy policewoman).

QUEEN OF THE BLUES/ MASSAGE GIRLS IN BANGKOK

This programme is SEX! SEX! SEX! 'Queen of the Blues' is the last film Mary Millington made before her death and her performance in it is her best. It shows why she was a great star and Britain's only real sex symbol. 'Massage Girls in Bangkok' shows you what really goes on in Bangkok's red light district.

EMMANUELE 3

The title says it all. A magnificent sex film – showing at selected cinemas all over Britain AND the EROS CINEMA, Piccadilly Circus, London. Lavish sex extravaganza – made in both Hong Kong and Thailand.

CONFESSIONS FROM THE DAVID GALAXY AFFAIR/ CONFESSIONS OF A SEX SLAVE

Another superb Mary Millington 'double bill'. Showing at the Moulin Cinema, Gt. Windmill St., Soho and still showing at cinemas all over Britain. Nearly FOUR HOURS of sex entertainment – really great value for money bill.

DISCO FEVER/BOYS AND GIRLS TOGETHER

A most unusual double bill – but well worth seeing. 'Disco Fever' is the Boney M 'X' certificate film that combines plenty of nudity and pop music, and it's showing with a very strong 'teenage' sex film 'Boys and Girls Together'. A really unusual, but nevertheless very good 'double bill' well worth seeing.

So that's what's available at the moment on the cinema scene – there are plenty of good class and entertaining sex films around – a real treat is assured for the erotic moviegoer in the coming months.

This still is from the overseas uncut version of 'DESIRES WITHIN YOUNG GIRLS'

triumph as Gisela caught the first gout of sperm in the back of her throat. I would like to think that my ejaculation was so strong as to shoot straight into her gullet, for I distinctly recall the half-surprised gulping sound which emanated from her gullet as she began to swallow in earnest, but by that time I no longer cared what became of my bodily fluids: I had lost my virginity and was even now pumping my sperm in a never-ending fountain into the mouth of a mature woman. Whoopeee!

If I thought that Gisela would be content with one orgasm from her new English friend, I could hardly have been more mistaken: as soon as she had recovered her breath and expressed her delight at the amount of sperm I had given her to drink, she insisted that I push her over onto her back and give her a proper fuck. Not wishing to be thought backward, I did as she desired, thrusting her creamy thighs well apart and sinking my still rigid cock in to the hilt while she curled her fingers over my buttocks and shivered with delight.

At the time, of course, I thought I was naturally the world's greatest lover, although now, with the benefit of hindsight, I am able to state that Frau Beckmann must surely have been frustrated in her marriage! I lost count of the number of times she climaxed in the course of the next hour or so; in the end it was one long orgasm, which she had to muffle with one hand practically disappearing after my sperm down her throat, and I did myself credit, considering how green I was in such matters...

Lunch passed in some kind of golden haze, while the Sauerkraut which had perfumed the scene of my seduction proved to be excellent – so I am told, at least, for I have never cared for cabbage in any shape or form, and am therefore no judge of the matter! But it had taken the smell of that humble vegetable to trigger off these recollections, so perhaps I shouldn't be too harsh on it...

APOLOGIES FOR A MISSING ISSUE

If you buy this magazine regularly each month you might be surprised to see that the magazine is not the following issue from the magazine you bought last month, but the issue after that. In fact we have missed an issue. The reason being, is that the Police seized a complete issue of this magazine. Unfortunately, justice in England takes a long time and it will be many months before the opportunity of having the magazines returned by the courts. We were left with the unavoidable problem of 'jumping' an issue. We are saddened that in a so called free society that magazines like ours, which are extremely mild compared to their Scandinavian equivalents, are still being seized, particularly when a recent government committee suggested that hard core pornography should be made legal in Britain. Let us hope that we are vindicated by the courts.
If you feel disgusted at this police action, write or phone your protest to the officer in charge of the raid; Superintendent C. Hetherington, Carlisle City Police, Warwick St., Carlisle, Cumbria. Tel: 0228-28191.

A TIME AND A PLACE

Continued from page 16

that she shouldn't have heard it at some time or other, just that he was surprised that she should want to use it in the circumstances they were in. Perhaps her boyfriend was fond of hearing her talk in this vein; perhaps it was an essential part of their sex-life!

"Now I want to get a nice long drink of spunk," the girl iterated, sinking to her knees on the gravel of the greenhouse floor, but still keeping both hands firmly on Devonish's erection, which was now sticking out like a yacht's bowsprit. "You can tit me off if you like."

Automatically his hands wrenched her pullover up to her neck, then grabbed handfuls of rich creamy breast-flesh, feeling the nipples beginning to stiffen already in the palms of his hands as Fancy applied her lips to the end of his cock for the second time that morning. This time however, she sucked him straight in to the back of her throat, applying great pressure to the underside of his tool and milking his balls one-handed, while her other hand disappeared into the secret recesses of her crotch.

Soon the air was filled with the scent of the girl's cunt, then she began to whimper round the thick stiff barrel of his hard-on, sucking so hard it was almost painful. But the sensation of holding her budding breasts in both hands and thrusting slightly into her gullet as she gobbled him advanced the guest's climax all the more, and it wasn't long before he found himself on the very brink of orgasm.

"Open wide," he commanded. Fancy opened her eyes, then her mouth, began to speak, but was stopped in her tracks by the first shot of spunk which leapt in through her open mouth and splashed onto the back of her tongue. She swallowed and tried to speak again, but once more she was prevented by another gout of spunk,which she drink down with relish; all of a sudden she was coming herself, hunched forward over her wrist and drinking rapidly as the big prick did its stuff in her mouth; by now she had to accept that she had done all the talking that was necessary...

KATH

Boy, I'd give my right arm to get stuck up Kate here, wouldn't you? You would? Well do yourself a favour and put that chopper down: Kate isn't exactly amorous about amputees. Besides, you'll need that arm for exercising Mrs Palm & her Five Daughters, 'cos in the latest issue of WHITEHOUSE (the dirtiest, filthiest, grossest affront of good taste, decency and home-cooking in the whole U.K.) you'll find Kate here opening up her pretty pink pussy and jerking off just 6 inches from the camera lens. And if that doesn't raise a godalmighty hard-on, get back to 'Gay News'. WHITEHOUSE – smut and proud of it. Price £1.20 or £1.35 via mail order.

PLAYBIRDS Continental FICTION

A MATTER OF TASTE

It was at a house party at the Villa Sporghese that I first made the acquaintance of Drusilla, Vicomtesse Blafard. I had been invited there by an old friend who was related to the host's family, and had been impressed from my very first view of the grand mansion perched on its hill overlooking the valley of the Arno. And if the magnificent appearance of the outside of the Villa made me remember that my own origins were by comparison extremely humble, I was even more overawed by the sheer voluptuousness of the interior furnishings.

Large salons gave onto shaded terraces, broad rococo staircases swept up to an apparently endless suite of bedrooms on the first floor, while the top floor of the old building seemed a veritable labyrinth of dusty box-rooms and small bed chambers, ideal of conducting intrigues or love affairs in the most discreet fashion imaginable.

The first evening of my stay was marked by the arrival of a party from Berne, and the original seating arrangements for eight people, including our hosts, had to be expanded half way through dinner to make room for a Swiss banker and his wife, a couple of young Italian playboys – and the Vicomtesse. As we were formally introduced in the cool splendour of the dining room, my eyes naturally alighted on the stately brunette in the silk dress, and I wondered what kind of relationship she might be having with either (or both) of the young Italians.

We resumed our seats round the splendid oak table, and I found myself sitting nearly opposite the woman, whose face was lit by a nearby candelabra, showing off her beauty to its best advantage. We soon fell into conversation on rather neutral topics, and I discovered, much to my joy, that she had recently been widowed, and if the opulence of her dress was anything to go by, she herself had profited handsomely from her husband's demise.

But it was her looks which kept my eyes rivetted to her throughout that seemingly interminable dinner party. The freshness of her skin showed that she was still in her early twenties, at the oldest, and her pert self-assurance added to the impression of lovely poise which her physical appearance on its own would have sufficiently suggested. Her bosom was high and thrust forward and slightly up by the bodice of the silk dress, and the way it stuck out above the dramatic insweep of her waist nearly made me pant with lust.

Sometimes one can desire a woman from afar, without being too concerned about the eventual outcome of one's interest – sometimes you know at first glance that you cannot possibly be satisfied with a mere platonic relationship. Thus it was with Drusilla: the very first time our eyes met, and I gazed in to those cool, dark orbs which seemed to be asking a question of their own while their owner chatted charmingly about Switzerland in spring, I knew that I was going to have to make physical contact with the ripe, inviting charms of the body which lay below...

From time to time in the course of the meal I also stole the occasional glance at the young playboys, who seem to be quite happy sitting across the table from each other and wittily talking to the Sporgheses in three languages, and it didn't take me long to realise that they had been simply two of the party in which the Vicomtesse had happened to arrive: my mind was only completely put at rest, however, when a brief but vivid interchange between the two of them showed me perfectly plainly what I had been too preoccupied to see before that they were homosexual and thoroughly wrapped up in each other. So far, so good.

This cancelling out of their interest in the physical charms of the brunette who sat opposite me at the table left only my friend in the running, as far as potential suitors for her favours were concerned. Everyone else at the Villa was one of a couple, heterosexual or otherwise, and although it was well within the bounds of possibility that a house party here would be the social equivalent of an Edwardian weekend back in England – i.e. a mere excuse for utterly promiscuous adultery – somehow I got the impression that the apple of my eye was none too keen on getting entangled with any of the married men at the table. She could, of course, simply be a very accomplished actress. I had to find out for my own satisfaction as soon as possible, and try and shift my friend from the race at the same time.

Fortunately, as we circulated in the continental manner after dinner, men and women together in the splendid drawing room from whose windows one can see the distant lights of Florence, I became aware that my friend was more interested in the young blonde wife of an Italian general who looked as if he had fought one campaign too many – so maybe there was going to be some hanky-panky here after all!

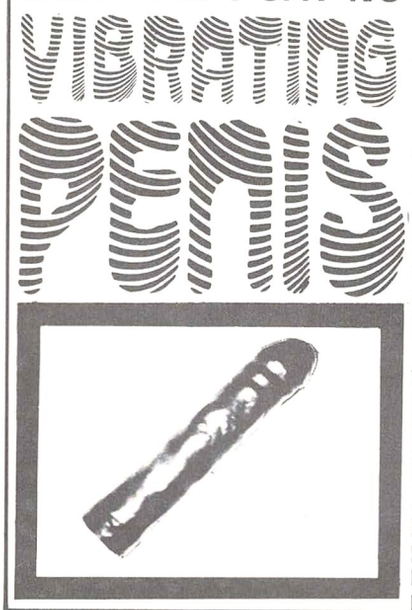
LADY CAN'T SAY NO



A viciously effective 'whip-hand' stimulator (available in black or white), as favoured by the ladies of the Brazilian aristocracy. Its unique snake-like action mercilessly activates the nerve endings of the vaginal orifice, nerves which are by-passed by the conventional vibrator (which is active only at the tip).
This unique action also stimulates the lubrication duct, and women who 'thought they knew themselves well' report a massive increase in fluid emission, after just a few moments alone with the Vibrating Penis. It is contoured according to the penis of a donkey (which has more pleasure-giving bumps and ridges than the human penis), but is sensibly proportioned at 7½ inches long. Until very recently, the Vibrating Penis was a black market item selling at £10 or more, but we are able to offer this brand new concept in female stimulation at the more reasonable price of £3.99 post free.
AVAILABLE IN BLACK OR WHITE

SEX BOOST CREAM

To be rubbed on the male penis before intercourse and on the female vagina. This cream lubricates AND intensifies the sexual pleasures of intercourse. GUARANTEED TO TURN ON ANY WOMAN, a real passion raiser! Would turn a nun into a nympho! £3 a jar.

served the Vicomtesse to me as I handed her another cup of coffee in the far corner of the drawing room. "I expect it must be wonderful to stand on the terrace and look out over the river. There's a moon tonight, isn't there?"

"I believe so," I murmured, watching her dark liquid eyes for the least sign of a sexual invitation. "Perhaps you'd allow me to escort you there?"

Drusilla frankly let her eyes drop to the crotch of my dinner trousers, which at that moment were admittedly straining under the bulging thrust of a half-erect penis, such was the state of arousal her conversation and presence had got me into. I sat slightly back and opened my legs slightly as though preparing to get to my feet, but actually to enable her to feast her eyes briefly on the blunt fact that I had something between my legs which might interest her more than my attempts at genteel conversation. I have always been proud of the dimensions of my organ, which although not monstrous is at least large enough to satisfy the most generously-proportioned vulva, and I have never believed in being shy as far as the opposite sex is concerned...

"I will just get my shawl," said the Vicomtesse in a low voice, "and then you may indeed escort me onto the terrace."

I politely rose as she rose, not caring who else in the immediate vicinity noticed the state of my crotch, as long as the object of my interest understood herself how I felt about her gorgeous body, and after a few minutes the lady herself returned, her upper arms and shoulders swathed in a white fur wrap, and after making conventional excuses to our hostess, the old Contessa Sporghese herself, we slipped through the tall French windows of the drawing room and found ourselves suddenly breathing in the heady scent of a spring night in the centre of Italy.

"Such divine smells," observed my companion. "Shall we walk to the end of the terrace?"

I offered her my arm and – with my heart beating fit to burst my rib-cage, such was my excitement at being alone with her- for the first time I slowly walked her to the very edge of the terrace, up to the angle of the breast-high wall which shielded us from the hundred-metre drop to the river below where we stood. There were stars out that night as well as a half-moon, and there was enough light to make out the broader features of someone standing a couple of yards away from you – but the main point was that from where we now stood it would be impossible for anyone in the drawing room to observe us...

"Vicomtesse..." I began in an urgent voice, bringing her close up against me in the starlight.

"Hush," she said, moving her hands up over my shoulders and pressing her breasts against my chest. "Just kiss me."

Our lips met in a strong, firm kiss, and I appreciated that she was no novice at the arts involved in arousing a man with tongue and teeth and lips. She had a particular trick of jiggling the very point of her tongue between my lips and front teeth,rapidly lapping at my own thrusting tongue like a cat with a saucer of milk, and although her mouth had not been among the charms I had originally found most attractive in her, after a few minutrs of this activity I was beginning to think that despite the succulent beauty of her curvaceous body, it was her mouth which really formed the centre of her sensuality.

In a break in our oral osculations I endeavoured to slip my hand under the fur wrap and then stroke my way up one butter-smooth shoulder to the collarbone; then it was only the work of a second to slide my trembling fingers down the secret warm valley of her cleavage. Yes, trembling! I who am used to dominating women and

treating them in a thoroughly masterful way, I was acting like a schoolboy with his first girlfriend. Her bosom expanded pneumatically at the contact of my fingertips, thus trapping them between tit and bodice, and for one delirious moment my hand was a prisoner of her hest, gently kneading at the gorgeous soft upper slopes of her breasts and yet unable to move either lower to the nipples or back up to her throat.

"I should tell you," said Drusilla, letting out her breath and thereby allowing me to scrabble vertiginously close to the baby-soft fruit of one large nipple, "that since the death of my late husband I have never had sexual intercourse. However, there is one act of which I have become inordinately fond: have you plenty of sperm in your balls?"

"Plenty!" I breathed fervently into her ear, feeling the juice in question seething slightly as though in reply to her question. "I have enough sperm in my balls to bathe your lovely frame from head to toe, to give you a bath in it, to nearly drown you in fresh..."

"That won't be necessary," murmured the lovely creature as her fingers dropped to my trousers and began to nimbly undo the buttons as though acting by remote control. "All I want is a quick mouthful..."

In my travels I have often come across Drusilla in other forms: the spoilt young yeoman's daughter from the shires of England, the bored Bostonian co-ed, the Dutch burgher's daughter with a tiger in her pants – but never have I found such grace and beauty allied to such utter directness of approach. It has often been my experience that such women think only of their cunts, and how best to fill them, but in the case of the Vicomtesse Blafard, her needs were altogether of a higher order, and not just physically speaking. Whether she would masturbate while fellating me, I could only imagine, but I understood from the start that for her, at least in that epoch of her life, the sexual act consisted solely of oral intercourse, and that there was nothing in the world she liked better than to swallow fresh sperm as it came leaping and spurting from the hard penis of a well-endowed man.

For I had absolutely no qualms on this score: there have been times indeed when young girls have quailed before the sheer majesty of my erection, and I fully expected the brunette in my arms to react in a similar vein when at last she freed the sceptre of my passion from its lair. At the instant my pego sprang out into her welcoming hand however, she moved slightly away from my embrace, turning me round and indicating that I was to sit up on the wall for her to oralise me to her heart's content. I needed no second invitation...

With a speed and agility which nearly spelled disaster, I sprang up onto the top of the wall, my stiff penis waggling in the cool evening breeze, turned away from the giddy drop to the river and sat four-square on the wall, my knees on either side of the Vicomtesse's shoulders and she moved forward to stand where she could suck my organ. Now that I was in this elevated position, my crotch was at a level with her face, affording her the opportunity to catch hold of the springy lance of flesh and bring it to her tender lips for a preliminary oral encounter.

As I have said, I might have expected her to utter some expression of appreciation of the size of my erection, but she seemed to take it all in her stride, and I sat there gazing down on the top of her head, I suddenly felt the tip of her tongue worming round the exposed collar of my cock, digging wetly into the sensitive groove beneath the peeled-back foreskin. I reached forward and down to slip both hands into the bodice of her dress, and at the very instant that my fingers gripped the lower bulge of her breasts and the big soft nipples pressed into the palms, the Vicomtesse's mouth engulfed my penis, sucking strongly on the top half of it while her tongue lashed the sensitive underside of the glans.

You can usually tell how fast a woman wants you to ejaculate under these circumstances – if they deliberately dally over the preliminaries you can be fairly sure they desire a long oral acquaintance – and yet in the present case I was fully aware that what Drusilla really wanted was to drink the contents of my balls as soon as possible. And if I intended to prolong the delicious sensations she was now giving me, I soon found that she had every trick at her disposal with regard to enticing the sperm from a mans balls. Not for her the tender, tentative and rather coy sucking of some young ladies I have met – she went for her pleasure in a remarkably direct fashion, and it was only a few minutes before I found

A MATTER OF TASTE

Continued from page 48

myself poised on the brink of giving her the 'quick mouthful' she had so earnestly requested...

By now her nipples, tokens of her own arousal, were stiff and rasping in the palms of my clutching hands. The feel of her swelling bosom was heavenly in itself, and by the way her breath came faster and deeper as my orgasm approached I could tell that she too was nearly at the moment of truth. Determining to let her have every drop available, I tried to put a brake on the rapidly mounting sensations which were welling up from the stiff organ in her mouth, since the more prolonged the fellatio, the more voluminous the ejaculate,- but I had reckoned without her artistry: as soon as she sensed that I was trying to withdraw from her greedy mouth, she scooped up the full hairy balls below my cock and began to milk them in the most sensuous fashion imaginable: I stifled a groan of lust and felt my glans swell to hit the roof of her mouth as my orgasm erupted.

There came a choking sound in the back of Drusilla's throat, and for an instant I wondered what was happening. Then I realised that the girl standing with my hard penis in her pretty mouth was actually climaxing herself: at the instant my first shot of sperm splashed over the roof of her mouth, she shook all over like a tree in a storm and pantingly climaxed, breathing hard and fast round my now jerking organ as she swallowed the thick gouts of seminal fluid. The fact that my orgasm had triggered her made me come even more intensely than before, and the sheer volume of fluid which was rocketing in to the back of her throat would surely have filled a wine glass.

I sat for several long minutes after the last of my sperm was drunk, watching the stealthy progress of the stars in the dark blue firmament above my head, feeling the breeze riffle my hair, feeling the Vicomtesse's nipples gradually deflate along with my penis, which was still gently sucking, determined to get every last drop from it.

"Thank you," she said simply, when she finally removed her mouth from my wilting organ, and by the change in tone of her voice I could tell that she had undergone a profound emotional crisis. I released her tender bosom and stiffly climbed down from the wall, feeling relaxed and heady as if drunk.

"Would you like to have some more?" I inquired, as we clung to each other in the night breeze.

"Perhaps tomorrow," she replied, doing up my buttons and adjusting her dress so that we could return to the drawing room without embarrassment. "After all, we must give your balls time to recover, mustn't we?"

The remainder of that evening passed in some kind of haze. The pair of us separated as soon as we rejoined the complex, and we observed all the proprietories incumbent on people in our position. My friend seemed to be charming the general's wife to some effect, so there was still no danger of anyone else claiming my Vicomtesse for himself. Soon it was time for a nightcap, and I for one was thankful to slip into my bed and fall into a bottomless sleep...

The following day there was no opportunity for Drusilla and myself to be alone together, and I spent the time panting with impatience for her body. I walked about half-stiff most of the time, and deliberately flirted with a serving wench to give myself even more sexual stimulus, though I was determined to save all my sperm for the Vicomtesse's gullet. Eventually, in the quiet period of the late afternoon after tea, I found her by herself in the music room; casting caution to the winds I marched straight up to where she reclined on the chaise by the piano, produced my healthy erection and made as if to straddle her head where she was.

With a faintly coquettish laugh she attempted to move away, but by this time my blood was up: pulling her shoulders down onto the surface of the chaise, I pushed her head down over the end of the couch and positioned myself so that I could fuck her mouth while my own face was buried in her crotch. She tried to protest at this treatment, but her cries were stifled by the thick rubber truncheon of my penis lancing forward between her parted lips, and soon she was contentedly sucking while I thrust forward from the hips, crouched over her head and sinking my cock to the back of her throat with every poke.

Soon I was thrusting as hard and fast as if I was plugged into her vulva, which my face was now nuzzling under the long day-dress she had on. The smell of her organ was like perfume to my senses, and in this state of ravishment I finally came to a halt, gripped her head between my thighs and pumped my sperm down her throat while my hands availed themselves of her chest.

"Thank you," she said once again, when I had finished. "I've never tasted anything quite so wonderful in my life..."

EROTIC FILM REVIEW

AFTER A THREE YEAR WAIT IT'S HERE! The follow up to the VERY CONTROVERSIAL MOVIE 'COME PLAY WITH ME' –The film which made MARY MILLINGTON A STAR!

No British studio or crew would make this film – as it was too strong for them and the result was that it was made in HAMBURG, by the makers of TABOO Films. Films as expicit as 'COME PLAY WITH ME 2' normally only show in Cinema Clubs, but this film offers blue movie fans a chance to see a really hot film at normal public cinemas where there is no waiting or membership problems.

'COME PLAY WITH ME 2' – is very acceptable – the scenes are explicit and sexy, not just crude. Additionally the sex is put across in the humorous manner – as a result it's a sex film YOU CAN take your wife or girlfriend to. Make sure you DON'T miss out on 'COME PLAY WITH ME 2'. This film will NOT be shown at every cinema in the country – SO make sure you travel to see it when it's showing in your AREA, as it probably won't be shown at your 'local' cinema.

These stills are from the orginal, uncut version of the film – Certain stills maybe cut for U.K. screening

THE BLUE MOVIE PRODUCER

Continued from page 8

eyes, relaxed, and enjoyed the fact that two naked women were sucking my cock.

H: I was licking away at his balls, and at the same time watching Rose. She was very good, she flicked her tongue up and down his shaft, then she licked at his glans, then she sucked at his shaft, then, when he was fully erect, she took his knob into her mouth and started to suck with her lips.

L: She was good. The suction from her mouth was really something, and what with my wife having both my balls in her mouth at the same time, I had to use all my self-control to stop from coming on the spot.

H: I kept sucking at Lars's balls, and at the same time I reached over and pushed three fingers very deep into Rose's pussy hole and gave her a good finger fuck. The inside of her hole was very tight and very hot, and as my fingers went deeper and deeper into her quim I felt, and saw, her hot juices bubbling out all over the place, and the sweet scent of those juices wafted into my lungs and made me feel randy as hell. I then pulled my fingers from her cunt hole and wiped them dry on Lars's balls, then I went down and shoved my tongue into Rose's cunt and sucked her out while she was still sucking on my husband's prick.

Her hot thick juices spurted and bubbled into my mouth and I drank them down as fast as I could. Then I heard Lars give a great shout of pleasure, and I quickly took my face away from Rose's sticky cunt and looked up, Lars had ejaculated into her mouth, and there was so much sperm it was dripping from the corners of her lips and trickling down her chin. She winked at me and I realised she hadn't swallowed the stuff down. She sucked till Lars was empty, then she turned to me and opened her mouth. I could see the inside of her cheeks, and also her tongue covered with sperm. She moved over and kissed me on the mouth. She then let some of that hot spunk dribble from her mouth and go into mine.

L: She got a part in my film alright, a very big part, she was the best cock sucker I'd ever known.

H: Rose and I then got into the sixty-nine position and sucked each other out till Lars was hard and stiff again. Then I made Rose stretch out on the bed and Lars got on top of her. You know, it gives me a great thrill to see him fucking with another woman.

PC: Did you join in at all?

H: Of course I joined in. While Lars was slamming his thick cock in and out of her cunt hole, I went round the side and started to suck on her tits and nipples.

L: Rose had one of the tightest cunts I'd ever been inside, her juices were so very hot as they swirled round my cock.

H: Lars gave her a really good fucking, and after he'd filled her pussy hole up with hot spunk, I sucked his cock dry, and then I went down and pulled Rose's cunt lips open with my fingers and looked at Lars's spunk swimming about inside her.

L: Then I watched as Helga shoved her tongue deep into Rose's cunt hole and sucked out every last drop of my spunk. Yes, that was a very good fucking session. I always thought English girls were the sexiest in the world, and Rose proved that to be correct.

PC: Well, we must close now...

H: Could I say one last word? In Sweden, Denmark, and other countries like that, we have freedom of expression, freedom of speech. Porn is legal in one way or the other. One day I hope that England will be free as well, free to enjoy porn as much as we do.

L: I couldn't agree more. I hope that during my visit here I will be able to convince people that there is nothing wrong with porn, nothing at all. That if more people had it available then there would be more happy sex lives and marriages in this country.

PC: I'm sure we all agree with that. Thank you for coming to talk to us and I hope that your trip to London will be a happy one.

THE HANDYMAN

Dear Editor,

I'm a typical seventeen year old girl, if you call having your own car, television, phone and even your own horse typical. I do a lot of things I'm not supposed to do (like reading your magazines, for starters), but what seventeen year old doesn't? And who cares, as long as my father doesn't find out? As far as he's concerned, I'm still his little princess, and he gives me everything a girl could want, clothes, money, you name it. But the one thing he couldn't give me was Steve.

Steve's our live-in handiman and gardener, and in addition to his wages my dad has furnished a little flat over the garage for him. Steve's not a bit like the boys I know, who all added together don't come out to one real man. He's big and tall, with broad shoulders, strong hands and a long, sexy moustache. He's twenty-seven, and from what I've overheard when my father has invited him in for a brandy, he's been just about everywhere on this plane. The problem is, or was, Steve wouldn't notice me if he tripped over me. As far as he's concerned I'm just another young chick waiting to grow up. I think he even resented me a little for all the things I have at such an early age.

Believe me, I tried everything to turn his head. I walked around in my bikini, I left my shades drawn when I was dressing in the morning and undressing at night, I even snuk into his flat one evening and waited for him to finish work. When he came in I was laying on the couch smoking a cigarette and told him I thought it was about time he started treating me like a woman. He told me I didn't have any idea what I was talking about and gave me the gate right then and there. That was the worst thing he could have done. I hate being treated like a child, and I knew I coud satisfy him more than those older girls I'd seen him sneaking in after dark now and then. From that point on I was determined to have him, and when I want something I usually get it.

The next day, when my father was out playing golf, I went into his drawer and took the spare key to Steve's flat. My father thinks I don't know about the extra keys, but I've been all through his things a hundred times. I went into town, got a key made, and had the original safely back in his desk before he returned. From then on it was only a matter of waiting, and sure enough I got my chance. The next week my father told me over tea that he was going to have to overnight in Manchester because of his business, and would I be okay or did I want to go with him? I told him I'd miss him, of course, but I could easily arrange to stay with a girl friend. Later I told him it was all set, and the next morning he left on his trip.

That night I waited up for Steve to come home from his nightly pub crawling with his mates. He must have been to a club or something, 'cause he didn't come in until almost one in the morning. I could see he was really pissed, and that's just what I was hoping for. I waited another forty-five minutes or so, sitting in the dark with goosebumps all over, then tip-toed over to the garage and up the stairs to his door. I was wearing nothing but one of those little "baby doll" nighties, and my excited nipples were really holding it away from my body. I let myself in as silently as I could, and sure enough Steve had already fallen into a deep sleep. By this time I had been all through Steve's things as well, so I knew he slept in the raw because I hadn't been able to find any pyjamas anywhere. I crept over to his bed and pulled back the covers. He figeted a little, but he was too drunk to wake up. My heard was pounding like a sledge-hammer. I sat on the edge of the bed, took his soft prick in my hand and started stroking it as slowly and gently as I could. I loved watching a soft cock get hard, it always seems kind of magical to me, but I wasn't prepared for this, Steve's thing looked twice the size of the ones on the boys I've known. When it was all stiff and standing straight up in my hand, I leaned over and took it in my mouth. I worked him just as slowly with my mouth as I had with my hand. He started mumbling something I couldn't understand and I knew I was making him have a sex dream. Then I felt him start to shake and I gave up to this soft routine and really started sucking. All at once that giant tool of his jumped all over with a life of its own and filled me to bursting with hot, gooey spunk. He was waking up just as he was spurting his come into my mouth, and he said, "Hey, what's going on?" I just kept on swallowing until there was none left, then I started licking up and down his shaft. When he realised what had happened he about popped his cock. Then I told him if he didn't fuck me right I'd tell my father I was in his flat and it was all his idea. Men are so simple. Just like I thought, he got his prick out and said, "Right, you little bitch," and tried to fuck me till I split in half, which was just what I wanted.

I made him fuck me all night long, and when my father goes away I make him do it again. *Miss A.P. Surrey.*

REALLY KINKY

Dear Editor,

I'd always heard that over in Holland they show really good blue films in public cinemas, and so, when I got the chance to go to Amsterdam for a weekend, I took that chance with both hands.

Everything I'd heard was true, there, in local cinemas, you can see full length feature films, films that are really hot and blue and hard-core porn.

I saw several over there, but the best, without a shadow of doubt, was a film called 'Come Play With Me 2'. It was all about these nurses and their sexual adventures on a health farm.

It was a marvellous film, a real beauty of a film, for the women in it were really something. Not only were they very beautiful, but they were also really kinky, and when it came to sex they would do anything, and I do mean anything!

You see it all, every little thing, nothing is hidden from the camera and nothing is faked. When a man comes you see the sperm shooting from his prick, and when a woman wanks herself off with her fingers, you see those fingers slipping in and out of her gaping cunt hole in close-up.

It would cause one hell of a sensation if it were ever shown in England. I reckon that every Watch Committee in the country would try and ban it, for it has the most explicit sex scenes ever seen in a film before. Even the people in Amsterdam who I spoke to said they had never seen anything quite like it, never seen anything so hot and so blue. Well, if the Dutch say that about a film then you know it must be good, for porn has been legal in that country for many years now and they are rather bored with the whole subject, and for a film to get them talking means that the film must be really remarkable.

In one scene these five women indulge in some watersports, in the orgy scene there are lots of games and more kinks. Yes, there is something for everyone in this film, why they even have a female flasher who runs through the woods and when she finds a man she likes she sucks him off and lets his spunk shower all over her upturned face. That's the sort of film it is.

I know you people at the magazine have a lot of contacts, so could you find out if this 'Come Play With Me 2' will ever be shown in this country?

Mr JL Bradford.

Well, Mr JL, we got on the phone and spoke to the producers of the film, and they told us that the English version will soon be in this country; that because of its very high porn content it would only be shown at two cinemas, and then only for a very limited run. The two cinemas are the Studio Cinema in Blackpool where it will be screened as from 28th August; and the Moulin Cinema, Great Windmill Street, London, where it will be showing as from 31st July . . . Ed.
